Mission Statement

At Shiphay Learning Academy we believe that everyone is unique and of equal value and therefore encourage all members of our community to value and develop their own gifts and skills. We value one another's cultural inheritance and the diversity of languages and beliefs represented in our school. We believe in developing the whole person – socially, emotionally, creatively, physically, academically and spiritually – in an environment that is safe, calm and challenging.

We have high expectations for all our children and work hard to ensure that they achieve their full potential irrespective of their race, religion, ability, gender or ethnic background.

We encourage confident and independent learning in an atmosphere where everyone can try out new challenges without fear of failure, so that our children acquire the enthusiasm and skills for life-long learning, develop questioning minds, respect each other and build up a community of love.

Vision Statement

We are committed to:

- * Providing a school with a strong values led ethos that is truly inclusive and actively celebrates diversity.
- * Creating a safe, positive and welcoming atmosphere in which our values of Respecting, Aspiration, Contribution and Creativeness are lived out.
- * Building a community based on a love of learning, in which all children and adults participate with enthusiasm, enjoying each other's company and supporting each other to grow in knowledge and in self-esteem.
- * Delivering a challenging, creative and rewarding curriculum, underpinned by high expectations of all children, which prepares them for happy, healthy, fulfilled, productive and well-rounded adult lives.

- * Developing in our children self-discipline, social and environmental responsibility, and appropriate standards of behaviour, for the benefit of the whole community.
- * Providing good role models of respectful, sensitive, trusting relationships, and ensuring that the same approach is nurtured amongst our children.
- * Promoting a culture of self-reflection, continuing improvement and healthy work-life balance, to benefit both staff and children.
- * Working in partnership with parents as joint educators of their children.
- * Creating a learning community that all are proud to belong to and all will look back on with happy memories.

Policy

1.0 Introduction

Shiphay Learning Academy is an inclusive school where we believe that all members of our

community are of equal worth. We demonstrate our commitment to this by prioritising the well-being and progress of every child in our school and by striving to ensure that all members of our community are treated fairly in all situations.

We believe that the Equality Act provides a framework to support our commitment to valuing diversity, tackling discrimination, promoting equality and fostering good relationships between people. It also ensures that we continue to tackle issues of disadvantage and underachievement of different groups represented in the school.

We recognise that these duties reflect international human rights standards as expressed in the UN Convention on the Rights of the Child, the UN Convention on the Rights of People with Disabilities, and the Human Rights Act 1998.

Our approach to equality is based on the following 7 key principles:

- * **All learners are of equal value.** Whether or not they are disabled, whatever their ethnicity, culture, national origin or national status, whatever their gender and gender identity, whatever their religious or non-religious affiliation or faith background and whatever their sexual orientation.

- * **We recognise, respect and value difference and understand that diversity is a strength.** We take account of differences and strive to remove barriers and disadvantages which people may face, in relation to disability, ethnicity, gender, religion, belief or faith and sexual orientation. We believe that diversity is a strength, which should be respected and celebrated by all those who learn, teach and visit here.
- * **We foster positive attitudes and relationships.** We actively promote positive attitudes and mutual respect between groups and communities different from each other.
- * **We foster a shared sense of cohesion and belonging.** We want all members of our school community to feel a sense of belonging within the school and wider community and to feel that they are respected and able to participate fully in school life.
- * **We observe good equalities practice for our staff.** We ensure that policies and procedures benefit all employees and potential employees in all aspects of their work, including in recruitment and promotion, and in continuing professional development
- * **We have the highest expectations of all our children.** We expect that all pupils can make good progress and achieve to their highest potential
- * **We work to raise standards for all pupils, but especially for the most vulnerable.** We believe that improving the quality of education for the most vulnerable groups of pupils raises standards across the whole school.

2.0 Purpose of the policy

The Equality Act 2010 was introduced to ensure protection from discrimination, harassment and victimisation on the grounds of specific characteristics (referred to as protected characteristics). This means that schools:

- * cannot discriminate against pupils, staff, parents and carers or treat them less favourably because of their sex (gender), race, disability, religion or belief, gender reassignment, sexual orientation or pregnancy or maternity.
- * Age and marriage and civil partnership are also “protected characteristics”, which are covered by this policy, but not as part of the school provisions related to pupils.

The Act requires all public organisations, including schools to comply with the Public Sector Equality Duty and two specific duties:

The **Public Sector Equality Duty** or ‘general duty’.

This requires all public organisations, including schools to:

- * Eliminate unlawful discrimination, harassment and victimisation
- * Advance equality of opportunity between different groups
- * Foster good relations between different groups

Two 'specific duties'

This requires all public organisations, including schools to:

- * Publish information to show compliance with the Equality Duty by April 6th 2012
- * Publish Equality objectives at least every 4 years which are specific and measurable by April 6th 2012

This policy describes how the school is meeting these statutory duties and is in line with national guidance. It includes information about how the school is complying with the Public Sector Equality Duty and also provides guidance to staff and outside visitors about our approach to promoting equality.

Appendix 1 is a checklist of key equality considerations. Appendix 2 shows the school's Equality Objectives for 2013-2015 in an Equality Action Plan.

3.0 Development of the policy

This policy was developed by the Children and Families Committee in consultation with pupils, staff, governors and parents and carers. It is part of our commitment to promoting equalities and providing an inclusive school.

When developing the policy, we took account of the DfE guidance on the Equality Act 2010 and also the OFSTED inspection framework 2012, which places a strong focus on improving the learning and progress of different groups and on closing gaps in standards. We also note that OFSTED has a statutory duty to report on the outcomes and provision for pupils who are disabled and those who have special educational needs.

4.0 Links to other policies and documentation

Although this policy is the key document for information about our approach to equalities in line with the Public Sector Equality Duty, we ensure that information about our responsibilities under the Equality Act are also included in our self evaluation review, the school web site and newsletters.

Our responsibilities under the Equality Act also inform policy and practice with regards to the school's behaviour, admissions, DSEN and anti-bullying policies as well as minutes of meetings involving the Governing Body, the whole staff, and the senior leadership team and School Pupil Council.

The Equality Act also applies to schools in their role as employers, and the way we comply with this are found in our recruitment policy.

5.0 What we are doing to eliminate discrimination, harassment and victimisation

- * We take account of equality issues in relation to admissions and exclusions, the way we provide education for our pupils and the way we provide access for pupils to facilities and services.
- * We are aware of the Reasonable Adjustment duty for disabled pupils, which is designed to enhance access and participation to the level of non-disabled pupils and stop disabled children being placed at a disadvantage compared to their non-disabled peers.
- * The Headteacher and Chair of Personnel ensures that all appointment panels give due regard to this policy so that no one is discriminated against when it comes to employment, promotion or training opportunities.
- * We ensure that those who are affected by a policy or activity are consulted and involved in the design of new policies and in the review of existing ones.
- * We take seriously the need to consider the equality implications when we develop, adapt and review any policy or procedure and whenever we make significant decisions about the day to day life of the school.
- * We actively promote equality and diversity through the curriculum and by creating an environment which champions respect for all.
- * Our admissions arrangements are fair and transparent, and we do not discriminate against pupils by treating them less favourably on the grounds of their sex, race, disability, religion or belief. In principal, this also includes sexual orientation, gender reassignment, pregnancy or maternity, however in regards to pupils of primary school age, these will rarely apply. Wherever these protected characteristics do apply either in regards to new pupils or their parents and carers, the school will not treat their applications for a place in the school less favourably.

6.0 Behaviour, exclusions and attendance

The school policies on behaviour and exclusions take full account of the new duties under the Equality Act.

We make reasonable, appropriate and flexible adjustment for pupils with a disability. We closely monitor data on exclusions and absence from school for evidence of over-representation of different groups and take action promptly to address concerns.

7.0 Addressing prejudice and prejudice based bullying

The school challenges all forms of prejudice and prejudice-based bullying, which stand in the way of fulfilling our commitment to inclusion and equality:

- * prejudices around disability and special educational needs
- * prejudices around race, religion or belief, for example anti-Semitism, Islamophobia, Travellers, migrants, refugees and people seeking asylum
- * prejudices around gender and sexual orientation, including homophobic and transphobic attitudes

There is guidance for all staff on how prejudice-related incidents should be identified, assessed, recorded and dealt with. We treat all bullying incidents equally seriously.

We keep a record of different prejudice-related incidents and provide a report to the Governing Body, through the Children and Families Committee, about the numbers, types and seriousness of prejudice-related incidents at our school and how we dealt with them. We review this data termly and take action to reduce incidents.

8.0 What we are doing to advance equality of opportunity between different groups

We know the needs of our pupils very well and collect and analyse data in order to inform our planning and identify targets to achieve improvements.

We have procedures, working in partnership with parents and carers, to identify children who have a disability through our pupil admissions procedures.

We collect data and monitor progress and outcomes of different groups of pupils and use this data to support school improvement. We take action to close any gaps, for example, for those making slow progress in acquiring age-appropriate literacy and numeracy skills.

We collect, analyse and publish data on the school population by gender and ethnicity, EAL, on the % of pupils identified as having a special educational need and / or disability and by year group.

We collect, analyse and publish data on inequalities of outcome and participation, related to ethnicity, gender and disability and proficiency in English.

We also collect, analyse and use data in relation to attendance and exclusions of different groups.

We publish an analysis of standards reached by significant groups within the

school at the end of Key Stage 2.

The school currently analyses the standards reached by the following groups:

- * White British Free School Meals (FSM) and non-FSM
- * Bangladeshi
- * Black African
- * Black Caribbean
- * Free School Meals
- * English as an Additional Language (EAL)
- * Special Educational Needs and Disabilities (SEN/D) School Action
- * SEN School Action +
- * SEN statement
- * Looked after Children
- * Refugees

We are aware that the legislation relates mainly to current, but also to future pupils. We will, for example, be sufficiently prepared if a Visually Impaired, Hearing Impaired or Gypsy Roma Traveller pupil joins our school.

We avoid language that runs the risk of placing a ceiling on any pupils' achievement or that seeks to define their potential as learners, such as 'less able'. We use a range of teaching strategies that ensures we meet the needs of all pupils. We provide support to pupils at risk of underachieving. We are alert and proactive about the potentially damaging impact of negative language in matters such as race, gender, disability and sexuality.

In addition to avoiding or minimising possible negative impacts of our policies, we take opportunities to maximise positive impacts by reducing and removing inequalities and barriers that may already exist between, for example, disabled and non-disabled people, people of different ethnic, cultural and religious backgrounds, and girls and boys.

We ensure equality of access for all pupils to a broad and balanced curriculum, removing barriers to participation where necessary.

The Governing Body, through the Children and Families Committee, reviews the Accessibility Plan regularly and makes reasonable adjustments to increase the extent to which pupils with disability can participate in the curriculum, to improve the physical environment and to improve the availability of accessible information to disabled pupils and other users of the school premises.

9.0 Positive action

We will take positive and proportionate action to address the disadvantage faced by particular groups of pupils with particular protected characteristics, such as targeted support. The actions will be designed to meet the school's Equality Objectives.

What we are doing to foster good relations

- * We prepare our pupils for life in a diverse society and ensure that there are activities across the curriculum that promotes the spiritual, moral, social and cultural development of our pupils.
- * We teach about difference and diversity and the impact of stereotyping, prejudice and discrimination through PSHE and citizenship and across the curriculum.
- * We use materials and resources that reflect the diversity of the school population and local community in terms of race, gender, sexual identity and disability, avoiding stereotyping.
- * We promote a whole school ethos and values that challenge prejudice based discriminatory language, attitudes and behaviour.
- * We provide opportunities for pupils to appreciate their own culture and celebrate the diversity of other cultures.
- * We include the contribution of different cultures to world history and that promote positive images of people
- * We provide opportunities for pupils to listen to a range of opinions and empathise with different experiences
- * We promote positive messages about equality and diversity through displays, assemblies, visitors, whole school events e.g. links with schools in South Africa, France, Italy and Sweden
- * We include equalities matters on our website and in our newsletters to parents and carers

Other ways we address equality issues

- * We maintain records of all training relating the equalities.
- * Our monitoring records include evaluations of aspects of equalities.
- * We keep minutes of meetings where equality issues are discussed.
- * We have a rolling programme for reviewing all of our school policies in relation to equalities and their impact on the progress, safety and well being

of our pupils.

- * The implications for equalities within new policies and practices are considered before they are introduced.

In order to ensure that the work we are doing on equalities meets the needs of the whole school community we:

- * Review relevant feedback from the parent questionnaires and consultations, parents-teacher conferences and other formal / informal feedback from parents and carers
- * Analyse responses from staff surveys, staff meetings and training events
- * Review feedback and responses from Pupil Voice, from the School Council, PSHE lessons, whole school surveys on pupils' attitudes including the annual PASS survey (Y3 to Y6)
- * Analyse issues raised in Annual Reviews or reviews of progress on Individual Education Plans and Provision Maps, and issues raised with the Learning Mentors and TA support
- * Gather feedback from Parent Governors, other members of the Governing Body and from the Governing Body's working groups

10. Publishing equality objectives

The objectives which we identify represent our school's priorities and are the outcome of a careful review of and analysis of data and other evidence. They also take into account national and local priorities and issues.

We evaluate our success in meeting the Public Service Equality Duties by the extent to which we achieve improved outcomes for the different groups. We produce equality data analysis which informs our discussions about the equality objectives.

Our Equality Objectives for 2013-2015 are:

- * We will strive to ensure that all pupils make at least 2 levels progress from Key Stage 1 to 2 in English and Mathematics, including pupils with Disabilities and Special Educational Needs (DSEN) and statements of DSEN
- * We will achieve a year on year (over three years) reduction in the attainment gap in English and Maths at the end of KS2 between pupils within the school's identified groups (for example, Free School Meals (FSM), English as an Additional Language (EAL), refugees) and their peers
- * We will increase participation by FSM, DSEN, EAL and refugee pupils in after school clubs, extra curricular activities (for example, instrumental tuition)

and other extended school provision

- * We will work towards the achievement of the Rights Respecting School status

We produce an Equality Action Plan that shows how we will achieve our objectives. This is part of our AIP.

11.0 Monitoring and reviewing objectives

We review and update our equality objectives every two years and report annually to the Governing Body on progress towards achieving them. We involve and consult staff, pupils, governors and parents and carers.

We publish an evaluation of the success in meeting these objectives for parents and carers, on the school website.

12.0 Roles and responsibilities

We expect all members of the school community and visitors to support our commitment to promoting equalities and meeting the requirements of the Equality Act. We will provide training, guidance and information to enable them to do this.

12.1 Governing Body

The Governing Body is responsible for ensuring that the school complies with legislation, and that this policy and its related procedures and action plans are implemented. The Chair of the Children and Families Committee has a watching brief regarding the implementation of this policy.

Every Governing Body committee keeps aspects of the school's commitment to the Equality Duty under review, for example, in terms of standards, curriculum, admissions, exclusions, personnel issues and the school environment. Governors biennially review the Equality Policy and evaluate the success of the school's equalities work taking account of quantitative evidence (e.g. data) and qualitative evidence (e.g. surveys).

12.2 Headteacher and Leadership Team

The Deputy Headteacher (Inclusion) is responsible for implementing the policy; for ensuring that all staff are aware of their responsibilities and are given appropriate training and support; and for taking appropriate action in any cases of unlawful discrimination. She has day-to-day responsibility for co-ordinating the implementation of the policy and for monitoring outcomes.

12.3 Teaching and support staff

All teaching and support staff will:

- * Promote an inclusive and collaborative ethos in their classroom
- * Challenge prejudice and discrimination
- * Deal fairly and professionally with any prejudice-related incidents that may occur
- * Plan and deliver lessons that reflect the school's principles, for example, in providing materials that give positive images in terms of race, gender and disability
- * Maintain the highest expectations of success for all pupils
- * Support different groups of pupils in their class through differentiated planning and teaching, especially those who may (sometimes temporarily) find aspects of academic learning difficult
- * Keep up-to-date with equalities legislation relevant to their work.

The school will provide training and guidance on equalities for all staff new to the school as part of the induction procedure. We will go through the principal expectations and duties of the Equality Act at a whole staff meeting at the start of the school year. Attendance at training will be recorded and all new and existing staff members will receive copies of the school's Equality Duty policy.

12.4 Visitors

All visitors to the school, including parents and carers are expected to support our commitment to equalities and comply with the duties set out in this policy. We will provide guidance and support where needed.

13.0 Equal opportunities for staff

The school is committed to the implementation of equal opportunities principles and the monitoring and active promotion of equality in all aspects of staffing and employment. All staff appointments and promotions are made on the basis of merit and ability, and in compliance with the law. We are also concerned to ensure wherever possible that the staffing of the school reflects the diversity of our community.

As an employer we strive to ensure that we eliminate discrimination and harassment in our employment practice and actively promote equality across all groups within our workforce. We respect the religious beliefs and practice of all staff, pupils and parents, and comply with reasonable requests relating to religious observance and practice in line with guidance from Camden's Educational Welfare Service. We ensure that all staff, including support and

administrative staff, receive appropriate training and opportunities for professional development in line with the school's improvement priorities and performance management policy.

14.0 Monitoring and reviewing the policy

We review the information about equalities in the policy at least every two years and make adjustments as appropriate. Our review involves pupils, staff, governors and parents and carers.

15.0 Sharing the policy

This Equality Policy along with the Equality Objectives are available on the School Website, in the Policies Store on Fronter, as part of the induction for new staff and in reports to parents in the school newsletter. We ensure that the whole school community knows about the policy, objectives and data through the school newsletter, assemblies, staff meetings and other communications. We publish on the school's website copies of relevant policies and guidance, including those on behaviour, anti-bullying and inclusion.
