

Pharmacy First

Head of School Mrs Kate Lee

Shiphay Pharmacy are now providing the **NHS Pharmacy First** service, which allows pharmacists to provide advice and, where appropriate, supply NHS medicines for the following conditions for:

Earache (aged 1 to 17 years)

Impetigo (aged 1 year and over)

Infected insect bites (aged 1 year and over)

Sore throats (aged 5 years and over)

If your child or you have symptoms that suggest one of the above conditions, why not give the Pharmacy First service a try?

An NHS Pharmacy First poster. At the top, it says "Providing NHS services" with the NHS logo. The main text reads: "We can help you with **seven common conditions** without needing a GP appointment". Below this is a list of conditions: Sinusitis (adults and children aged 12 years and over), Sore throat (adults and children aged 5 years and over), Earache (children and young adults aged 1 year to 17 years), Infected insect bite (adults and children aged 1 year and over), Impetigo (adults and children aged 1 year and over), Shingles (adults aged 18 years and over), and Urinary tract infection (women, aged 16 to 64 years). To the right of the list are three small photos of pharmacy staff. At the bottom, it says "Ask us for more information about this free* NHS service" with a question mark icon. Below that is the text "Visit your Pharmacy First!" in large, bold letters. At the very bottom, a small note states: "*NHS prescription charge rules apply where a medicine is supplied".
