

Annual Home–School Agreement 2020—2021

Name of Child _____

It is a legal requirement for Governing Bodies to have a Home School Agreement since 1999. We have decided to make this an annual procedure so that we are all reminded of our role in ensuring the very best for all children. We value the partnership between our school, its families and children. We believe that the principles of our Learning Values, printed on the reverse of this agreement, are best achieved if we all work together in the following ways:

The School will:

- Provide a safe and happy environment in order for our children to develop.
- Offer a broad, balanced and relevant curriculum so that children develop a love of learning.
- Encourage children to strive for their best at all times.
- Encourage children to take a pride in their school and community and care for others.
- Strive to fulfil the principles of our Learning Values.
- Inform parents and carers of their child's progress at regular meetings and through annual reports.
- Share success, progress and achievements with parents and carers.
- Be open and welcoming at all times.
- Provide parents and carers with information to help them support their children and be involved with the life of the school.
- Seek the support of other specialist or agencies in order to meet the needs of the child or family, as appropriate
